Dear Parents and Carers

Doki Doki (Literature) App

It has come to our attention that there is a new APP that is going viral among many (primary and secondary) school age pupils. The game is advertised as a school dating app and does not require parental checks to download. It is a free APP and although users should be 13+, children can easily agree to being over the age.

Once downloaded, children have unlimited access to their own account. The APP begins as a colourful light-hearted game but takes a sinister turn within an hour of children playing where their online friend starts to talk about depression and eventually commits suicide.

We wish to raise awareness of the APP because of the associated dangers.

Thank you very much for your support in this matter.

Your sincerely

Tracey Hart
Headteacher
