

1st April 2020

Dear Parents and Carers,

I hope this letter finds you well and the stream of letters from school has helped to keep you informed and up-to-date. I also hope the interactions from teachers via the Homelearning email and phone calls home, have helped to support the children too. We are loving the interaction and creative activities you are coming up with, keep sending them in as they are lovely to see.

We have obviously had lots of information coming from County and the Department for Education, and yesterday evening got confirmation from the Government regarding the support we should be offering for critical workers during the Easter Holidays. We will therefore be open to support these workers by offering child care next week and the week after.

This offer is only for the children of critical workers, as the directive hasn't changed from Government, in that children are safest at home and where possible, should be cared for at home. If parents/carers have been told that they are critical workers then we need to either see your NHS badge or a letter from your employer.

Schools have also been asked to work together to create hubs. So going forward, if necessary, children from a number of schools can be cared for in one setting. We are working with cluster schools on this and our future offer could include care in a different setting.

Please email the school by return or the latest by 3.30 pm on Thursday 2nd April 2020, if you are a critical worker and you require a place for your child(ren) during the Easter holiday: Monday 6th April to Friday 17th April. Please let us know which dates you require child care, so I can then arrange a rota of cover. Thanks.

Could I also ask at this time, for you to **update us with any recent changes to telephone numbers or email addresses**. We have tried to use a few numbers recently and some are not working, thanks.

Kind regards

Tracey Hart
Headteacher
