FIRST AID AND MEDICINES POLICY

REVIEW PROCEDURES

The First Aid and Medicines Policy for Tatworth Primary School is to be reviewed annually by the Board of Directors.

This addendum has been introduced in the light of the Coronavirus pandemic. Guidance has been taken from our advisers. As a result, amendments have been made to our Control of Infections Policy; a Behaviour Policy – Annex COVID-19 introduced that details expectations of behaviour from both children and adults, and this addendum produced, together with Suspected COVID-19 Symptoms procedures.

Arrangements

First Aid

First Aid bags will be located in each 'bubble' classroom.

Bubble leaders should ensure they take a first aid bag with them at breaktimes and when going outside.

For Minor Injuries

Continue to follow the NHS advice of ensuring good hygiene principles:

- Wash hands thoroughly before and after administering the first aid
- Wear gloves and an apron

It is not necessary to wear a mask; however, you should work from the side of the child.
