

Tatworth Primary School

Love learning, work together, **achieve** and shine

MISSION, VISION, VALUES AND AIMS

Our school is like no other

It is a stand-alone academy located in the village of Tatworth with a community of approximately two hundred children. Our staff work in partnership with parents and carers to provide a challenging and enriching educational environment. Our school has plenty of open space with a sports area, playground and it also adjoins Tatworth Playing Fields. As a result, the children have ample space within the school grounds to run and play during break times. We encourage our children to treat themselves and each other with respect, ask questions and care for the environment in which they live.
